Add'l Investigation # _____ Supplemental Report # _____

OVERVIEW

This allegation was received on 02/26/18 and assigned to this Investigator on 03/12/18.

The Complainant alleges the Licensee provided treatment in November 2017 after her license lapsed on April 30, 2017.

CONTACT WITH COMPLAINANT:

NAME:	ADDRESS:	PHONE / E-MAIL:
MCL 15.243(1)(d)	MCL 15.243(1)(d)	MCL 15.243(1)(d)
DATE OF INTERVIEW:	TIME OF INTERVIEW:	LOCATION OF INTERVIEW:
03/28/18	11:30 am	MCL 15.243(1)(d)

The Complainant stated the patient in this allegation came to Forest View Hospital in Grand Rapids, Michigan under court order for a psychological examination. MCL 15.243(1)(d)

MCL 15.243(1)(d) The Complainant stated according to the patient, the Licensee had previously provided the patient with treatment, both in person and via video technology. The Complainant stated the patient reported to her she continues to talk with the Licensee multiple times a week and sees her in person for therapy when the Licensee is in Michigan, stating further, the Licensee currently resides in Virginia. The Complainant stated the patient reported the most recent face-to-face meeting was in November 2017.

The Complainant stated she spoke with the Licensee via telephone regarding the patient. The Complainant stated the conversation lasted a considerable amount of time and much of the conversation caused her reason for concern about the patient's well-being. The Complainant stated during the conversation the Licensee conveyed to the Complainant that she began treating the patient in August 2016, stating she treats both the patient and her roommate via secure video platform. The Complainant stated the Licensee conveyed to the Complainant that she does "this kind of work under the radar" and "that she is not easily found" claiming her covertness is an effort to protect both her patients and herself. The Complainant stated the Licensee conveyed to her the patient is a victim of a sex trafficking organization and her parents are the perpetrators, stating further, the patient had been

trafficked since she was a baby. The Complainant stated the Licensee conveyed to her the patient "has a price on her head all the time" and that "people get a kick back for trying to get her". The Complainant stated the Licensee conveyed to her the patient is being burned by her "handlers" with electromagnetic weapons and stated the patient has burns that just "appear" on her skin for no apparent reason. The Complainant stated the Licensee insisted the patient is not self-harming, insisting that injuries she has are the result of being burned with the electromagnetic weapons. The Complainant stated the Licensee wrote a letter to the treatment team at Forest View Hospital confirming the patient is suffering from Dissociative Identity Disorder (DID), has made strides while working with the Licensee, and should not be placed in involuntary treatment (Attachment 2, pgs. 5-8). The Complainant stated the facility also received a letter from the patient's roommate and information from the Licensee, including her resume, a package of information referencing Laws Against Criminal Use of Electromagnetic Weapons, and a letter explaining her recommendations for treatment of the patient (Attachment 2, pgs. 1-4 & 9-19). The Complainant stated the Licensee told her that the patient has been diagnosed with DID and expressed to her she was concerned for the patient as she felt that being court ordered to treatment was a mistake. The Complainant stated the Licensee conveyed to her the Complainant was concerned the patient was going to get "swept in this metal heath system and not be able to get out".

The Complainant stated as part of Forest View Hospital's treatment, the patient was referred for outpatient therapy through Community Mental Health (CMH). The Complainant stated she conveyed the Licensee's concerns to the therapists at CMH. The Complainant was told by CMH the patient had been under their care previously, and they had communicated with the Licensee, as well, and also had concerns about her treatment of the patient. The Complainant stated it is her understanding the patient was encouraged to discontinue serves with CMH by the Licensee.

The Complainant provided this Investigator with a copy of the letter the Licensee sent to her. The document addresses several issues, including, the Licensee's credentials, time she has been treating the patient, and how she and the patient came to be known to one another. In the document the Licensee speaks to the patient's condition and the treatment she had completed with the patient. In addition, the document provides the Licensee's opinions as to how the patient's continued treatment should occur and how the patient's medications should be managed (Attachment 2, pgs. 1-4).

The Complainant stated information obtained from the patient coupled with the conversation and mailings she received from the Licensee gave her cause for concern for the patient's well-being. She stated she researched the Licensee and learned the Licensee's Michigan License lapsed April 30, 2017. The Complainant stated any treatment she had provided to the patient after 04/30/17 was in an unlicensed capacity. The Complainant stated in addition to providing unlicensed therapy she is also concerned the Licensee is "feeding into" some of the delusional thoughts the patient is experiencing.

MCL 15.243(1)(d)

CONTACT WITH LICENSEE:

NAME:	ADDRESS:	PHONE / E-MAIL:
Eileen Aveni Sappington	2370 E. Stadium Blvd # 145 Ann Arbor MI 48104	734-604-0335 / ema@ndzh.com
LICENSE TYPE:	LICENSE NUMBER:	EXPIRATION DATE:
Masters Social Work	6801020495	04/30/2019
DATE OF INTERVIEW:	TIME OF INTERVIEW:	LOCATION OF INTERVIEW:

05/09/18	9am	Telephone
----------	-----	-----------

The interview with the Licensee was held over the telephone due to the Licensee currently residing in Virginia. The Licensee holds two bachelor's degrees, the first in Music Education from Seton Hill University with a completion date of 1973. The Licensee's second bachelor's degree is in Music Therapy from Michigan State University with a completion date of 1975. The Licensee holds a master's degree in Clinical Social Work from Wayne State University with a completion date of 1979. The Licensee states she is Board Certified Diplomate in Clinical Social Work and holds many additional certifications.

The Licensee acknowledged her Michigan license had expired/lapsed on 04/30/17 and acknowledged that she continued to treat the patient in question along with two additional Michigan patients during the time her license was expired/lapsed. The Licensee stated she thought she had turned in everything needed for renewal but learned that some of her continuing education credits (CEUs) had not counted as she did not complete the required threshold for face-to-face courses, stating further, she had completed enough CEUs but all the courses she had taken were home study-type courses. The Licensee stated she learned the State of Michigan had changed the necessary requirements to include a certain number of face-to-face courses, and she had not completed any at the time she applied for renewal. The Licensee stated she began to search for face-to face courses but stated she did not want to take a course that was not going to be useful to her. The Licensee stated during this time her mother became ill and she moved to Virginia to care for her, but prior to moving she had been searching for a course to take in Eye Movement Desensitization and Reprocessing (EMDR). The Licensee stated all the EMDR courses she found in Michigan had 2-3 years waiting lists. The Licensee stated after moving to Virginia she continued searching for a course in EMDR to complete her required CEUs. The Licensee stated she found a course that was twenty CEU credits and enrolled in April or May 2017. The Licensee stated when she enrolled in the course she understood that it was a two-part course with the first session being held in August 2017 and the second being held in January 2018. The Licensee stated the professor did not clarify with the students in the program that all twenty CEUs would be withheld until completion of the second session, stating further, at enrollment, she thought she would be receiving the CEU credits in August. The Licensee stated as soon as all the course work was completed, and she received her CEUs, she sent the required documentation into the State of Michigan and her license was reinstated.

The Licensee stated during the time that her Michigan license was lapsed/expired (04/30/2017-02/20/2018), she held a valid Virginia license. The Licensee stated during said time she was working with three Michigan clients, stating they had been long time clients and she was/has been working to "finish them up". The Licensee stated she would see the clients in person when she was in Michigan and over a video platform specifically designed for behavioral health, called, V See. The Licensee stated V See is completely HIPPA compliant. The Licensee stated she continues to treat two of her Michigan based clients using the same methods to hold sessions, stating further, she is finishing up treatment with both clients.

The Licensee did not speak about the nature of the treatment of the patient in question or about her condition but did acknowledge she was treating the patient and doing so during the period that her Michigan licensee was expired/lapsed. The Licensee stated the patient was attending treatment sessions with her, both in person and via video conference.

The Licensee stated she intends to keep her Michigan licensee after she has finished treatment with her Michigan clients. The Licensee stated once she is no longer needed in Virginia she intends to move back to Michigan and continues to maintain a residence and office in the state to this day.

ADDITIONAL INFORMATION

Records for the patient in question have been requested to verify the patient was being treated by the Licensee during the period that her licensed was expired/lapsed. The records have been attached to this report as Attachment 3, pgs. 1-4. The Licensee provided a list of dates she treated the patient also with what appears to be an explanation of her circumstances.

December 29, 2017

James A. Van Haren, MD
Forest View Psychiatric Hospital
1055 Medical Park Dr., SE
Grand Rapids, MI 49545

Regarding: MCL
Patient ID: 15.243(1)(a)

Dear Doctor Van Haren,

The following letter is written on behalf of [REDACTED] MCL | MCL have known [REDACTED] since 2013 when she arrived in Michigan. My relationship with her from 2013-2015 was as a staff member working for the AFC home that she lived in. From that point on, I've had the opportunity develop a meaningful relationship with [REDACTED] and also observe [REDACTED] progress on her healing journey.

After 2015 [REDACTED] started living on her own after WMCMH encouraged her to get her own apartment. She lived in her apartment for a year and then she and I decided to move in together. We lived together as roommates for a little over a year. So I've known [REDACTED] for a total of four years, which has given me the opportunity to get to know her pretty well.

[REDACTED]
It is my intention to emphasize that this brave woman has pushed so hard out of her own volition, and navigated her way in recovery from horrific abuse. [REDACTED] has been victimized by trauma from an early age and was trafficked in various ways as a child. What I see is an absolutely sane woman who has endured extreme trauma, who is making plans and setting goals for the future.

Over the course of time that I've known [REDACTED] together we scoured the country to find someone who works with extreme trauma and DID. [REDACTED] does not exhibit the characteristics of a schizophrenic. She exhibits the characteristics of highly structured Dissociative Identity Disorder. [REDACTED] has been victimized by extreme abuse, in other words sadistic trauma. This brave soul is a

victim of human trafficking and stalking. I personally have observed the stalking numerous times as well. Together [REDACTED] and I contacted several sources to get help, one being the International Society for Trauma and Dissociation (ISSTD) looking for someone who specializes in this type of trauma. We found Eileen Aveni, and it was difficult to find her! Eileen is a private therapist that works under the radar, because survivors of this type can be in danger from organized abuse handler groups. She's been doing this for 30 years and truly gets it. Below are her credentials.

Eileen Aveni LMSW, LCSW, ACSW, BCD

- Board Certified Diplomate in Clinical Social Work
- Board Member, Survivorship.org (a national organization supporting survivors of extreme child abuse)
- Member of the Executive Committee, International Society for the Study of Trauma & Dissociation
- Member, American Academy of Experts in Traumatic Stress
- Member, National Center for Crisis Management

RE: MEDICATION COMPLIANCE

Last year [REDACTED] Eileen and I agreed together that it would be beneficial for [REDACTED] to leave Community Mental Health. It was [REDACTED] idea but Eileen and I approved. [REDACTED] and Eileen were making a lot of progress together, addressing things that had never been touched under state sponsored mental health treatment protocol.

[REDACTED] did not reduce her meds on her own accord. Together [REDACTED], her therapist Eileen and Crystal Lake Clinic actively discussed this. Crystal Lake Clinic suggested a decrease in medication and agreed in interim to provide medications until a psychiatrist is obtained. The decision to reduce medication was NOT made on her own. Due to years of being on a benzodiazepine and dealing with physical dependency, it was no longer effective anyways. In addition to that, after she initially quit WMCMH, before Crystal Lake Clinic agreed to prescribe in interim, she had problems with getting the prescription on a continuous basis. This caused extreme physical withdrawal symptoms that I personally observed. She always took her medication as prescribed in the accurate dosage amount.

Some of the medications that [REDACTED] is on at Forest View are making her sound completely different from her baseline normal behavior. She sounds like she's overmedicated and I'm concerned about the types of medication that she's on.

RE: EATING DISORDER

In therapy [redacted] discovered that it had been a group of DID parts that had been causing the ED problems/symptoms. These parts would surface here and there, but she and Eileen had actively been working on it. Also [redacted] was sharing with me personally with candid honesty involving how this behavior was groomed from childhood. It's not textbook ED. She was honest about the good and the bad, her triumphs and failures. [redacted] had actually been doing pretty well in this arena, which was a far cry from how she had been the first three years I had known her. Last month the symptoms surfaced with different parts for a short time again. She lost some weight during that time. Apparently some of the DID parts intentionally sabotage because they are working for the handlers, until Eileen got to those parts to integrate. [redacted] has also had issues mimicking the eating disorder that were relative to CNS function along with other CNS related symptoms when she dealt with Xanax withdrawal three times in my observance living with her.

INCIDENTS LEADING UP TO ME CALLING THE POLICE TO HAVE [redacted] TAKEN TO THE EMERGENCY ROOM:

[redacted] had done some serious work under Eileen's supervision and had gotten to some really core things that had happened with her family at a very young age. It demonstrated that her parents had been involved much earlier than she thought and it really threw her. Ultimately this led to the alcohol incident, with [redacted] not being able to process that emotional pain so quickly.

Over the course of time that I've known [redacted] the stalking going on by her handlers has increased my stress so much that it got me to the point of being overwhelmed. I thought I might be able to get some help with this by having [redacted] go inpatient. I was already at a loss with all of this. I never dreamed that it would come to this point. [redacted] was extremely drunk when I called 911, not in psychosis or anything of that nature. I was just overwhelmed. Because of the stalking it pushed me over the top. [redacted] doesn't normally drink. I've known her since 2013 and have only observed her drunk twice including this incident. For the two incidents that she has drunk, she became heavily intoxicated. But in all honesty I don't perceive [redacted] as being an alcoholic.

[redacted] is a very intelligent woman. She manages her money extremely well, has a strong sense of responsibility and has fought tooth and nail to heal from the abuse she's experienced. She had been with Community Mental Health since she was six years old, but her parents have been part of the perpetrating and had a vested interest in keeping her looking like she was sick.

[REDACTED] is brave and inspiring. The way they are treating her at Forest View is as if she is an extreme MI case and she is not. I also have held positions in a residential crisis home in the past, and can observe the difference between extreme MI and what a courageous soul [REDACTED] is.

[REDACTED] has been healing. Yes she has reactions like anybody would, but with no consistent addiction behaviors over the course of time that I've known her. When I found out about her early core childhood trauma, I was as shocked as she was. She's a dear trusted friend of mine, but I became overwhelmed too and tried to get help at the same time.

[REDACTED] should not be held against her will as an involuntary patient and is being re-traumatized by the system. She has been through enough already.

Warm Regards,

MCL

Eileen Aveni

OVERVIEW

NATIONAL AND INTERNATIONAL CONSULTANT AND SUPERVISOR.

- Expert clinical understanding of PTSD, Dissociative Identity Disorder (DID), childhood abuse, sadistic and mind-controlled abuse, grief and loss, depression, and several other mental health issues.
- Frequent consultant to mental health professionals, law enforcement, churches, and other community groups throughout the U.S., as well as Australia, England, Switzerland, Malaysia, & Canada.
- Expert witness in several trials.
- Served 3½ months in Kuala Lumpur, Malaysia, as a mental health case, internship supervisor and university curriculum developer for graduate counseling students and professionals who were serving SE Asian trauma and sex trafficking refugees. Key instructional goal: to align students' practices with global standards of treatment professionalism. Offered numerous city-wide seminars. Guest speaker at several SE Asian professional mental health conferences and several Malaysian universities. Developed and videotaped training modules for future graduate students.
- Member, Michigan Legislative Task Force. Helped develop a bill addressing ritual abuse and sex trafficking in Michigan.
- Involved with the U.S. State Department and the Harvard Omega Project serving families of the PAN AM 103 air bombing over Lockerbie, Scotland.
- High level expertise differentiating psychological, medical, and spiritual causes and effects of trauma, then determining appropriate interventions.
- Trainer to law enforcement, community and church groups to understand signs of sadistic abuse, sex trafficking and mind control and facilitate them coming alongside victims.
- 16 years' experience offering tele-therapy and tele-consulting worldwide utilizing video conferencing, email, chat, and phone.

NATIONAL AND INTERNATIONAL SPEAKER AND WRITER.

Engaging communicator with outstanding written and vibrant oral communication skills.

- Presenter at national and international professional conferences, radio and television, and churches.
- Comfortable presenting to groups of any size, with any level of expertise, secular or religious.
- Equally comfortable with planned and extemporaneous presentations, live or via broadcast media.

NON-PROFIT AND COMMERCIAL BUSINESS LEADER.

Entrepreneur, mentor, collaborator, strategic planner, team builder, and organizational developer with exceptional interpersonal skills.

- Current Past Chair of the RAMCOA (Ritual Abuse, Mind Control, Organized Abuse) Special Interest Group, a subcommittee working group of therapists of the International Society for the Study of Trauma and Dissociation who treat ritual abuse trauma and mind control.
- Co-founder and former Clinical Director of Ann Arbor, Michigan's first Christian mental health clinic.
- Founding Manager of Business Operations for The University of Michigan's first for-profit technology spin-off. Developed and managed entire internal infrastructure of start-up.
- Collaborate easily across disciplines to sift out best practices, develop strategies, and manage implementation teams.

EILEEN AVENI | 2

CAREER HISTORY

PAST CHAIR, RITUAL ABUSE, MIND CONTROL, & ORGANIZED ABUSE (RAMCOA) SPECIAL INTEREST GROUP

FUTURE CHAIR 2015, CHAIR 2016, PAST CHAIR 2017

A subcommittee of the International Society for the Study of Trauma and Dissociation (ISSTD).

Provide leadership and professional perspective to this worldwide special interest group of psychological professionals specialized in treating ritual abuse, mind control and organized abuse (RAMCOA) trauma, probably the most severe type of trauma purposely perpetrated on others.

INTERNATIONAL CHRISTIAN COUNSELING CENTER

INTERNET-BASED, IN DEVELOPMENT

Start-up Business Developer/International Consultant/Leadership Development.

In the process of creating a non-profit using Internet technology to deliver basic mental health training to lay leaders in developing nations, helping these leaders alleviate trauma by applying sound mental health interventions for their own people.

PROFESSIONAL CONSULTANT AND SUPERVISOR

BASED IN ANN ARBOR, MICHIGAN, FAIRFAX, VIRGINIA, AND INTERNET VIDEO CONFERENCING, 1988-PRESENT

International trauma consultant and supervisor to mental health professionals, law enforcement, clergy, communities, and disaster victims.

- Consultant on trauma recovery for abuse survivors, therapists, clergy, law enforcement, and others throughout the United States as well as Canada, England, Germany, Africa, Malaysia, and Australia.
- Consultant to the families of the PAN AM 103 air disaster over Lockerbie, Scotland. Provided on-going trauma, grief, and bereavement interventions as well as regional talks. Collaborated with U.S. State Dept and the Harvard Omega Project to facilitate beneficial treatment outcomes for these families.

MENTAL HEALTH PRIVATE PRACTICE

ANN ARBOR, MICHIGAN, FAIRFAX, VIRGINIA AND INTERNET VIDEO CONFERENCING, 2002-PRESENT

Psychotherapist/Consultant/Supervisor.

- Specialist in sexual and ritual abuse trauma, mind control, dissociative disorders, depression, PTSD in adults and children, sadistic child abuse, bipolar disorder, spiritual abuse, and grief and loss.
- Supervisor and consultant to therapists around the world.
- Group therapist for an on-going group of Dissociative Identity Disorder/Ritual Abuse/Mind Control survivors for 8 years.
- Provide in-office and video conference therapy and consultations.
- Provide day-long or longer intensive sessions to clients from across the US for specialized treatment.

CIGNA BEHAVIORAL HEALTH

BASED IN EDEN PRAIRIE, MINNESOTA, 2010-PRESENT

Speaker for Employee Assistance Program (EAP).

Sent to Michigan corporations to present many topics, including: Drug and Alcohol Awareness for Managers, Avoiding Job Burnout, Conflict Resolution, Managing Change, Helping Children Cope with Traumatic Events, Shift Work Strategies, Stress Management, Managing Difficult Employees, Strengthening Teams, and Leadership Communication.

EILEEN AVENI | 3

GLOBAL MOSAIC INTERNATIONAL/GLOBAL MOSAIC MALAYSIA

BASED IN YORKTOWN, VIRGINIA, JULY-NOVEMBER 2011

Lived in Kuala Lumpur, Malaysia, for 3½ months, to develop college course, instruct and supervise interns, and provide many presentations at many universities, NGOs, and community sites.

- Designed and taught the final graduate level course for Malaysia's first Master's level counseling program, "Internship Training and Supervision for Graduate Counseling Students" at Alpha Omega International College, Kuala Lumpur, Malaysia.
- Utilized closed circuit TV with live and mock clients in the college's new counseling clinic, followed by rigorous clinical group discussions of each interview.
- Developed all legal forms required, tailored to Malaysian cultural standards.
- Conducted rigorous weekly supervision groups for all graduate counseling students to review their work in community agencies and churches throughout Kuala Lumpur (including rescue centers for sex trafficking) to ensure competency.
- Trained mental health workers in a Kuala Lumpur sex-trafficking rescue center serving survivors who had escaped from Myanmar, Cambodia, and other countries.
- Provided weekly therapy to two orphanages of children/teens, some of whom had been sex trafficked. Trained staff in best practices in better management and intervention techniques for these orphans.
- Presented numerous workshops to universities, conferences, churches, ministries, and corporations on narrative therapy, sexual abuse recovery, pornography, grief counseling vs. grief therapy, counseling vs. deliverance approaches, PTSD and complex trauma recovery, and related subjects.
- Mentored pastors on church restructuring for future growth. Also worked with their musical worship team to improve musical quality, refine stage presence, and strengthen their identity as an evangelistic team.

CROSSROADS COUNSELING CENTER, INC.

ANN ARBOR, MICHIGAN, 1988-2002

Co-founder/Clinical Director/International Consultant/Seminar Leader.

- Built a regional non-profit counseling agency. Specialized in short and long-term psychotherapy for PTSD, childhood abuse, depression, bipolar disorder, grief/loss, borderline pathology, dissociative disorders, and other mental disorders. Group therapist for dissociative disorders, depression, grief & bereavement, and bipolar disorder.
- Agency originally formed as for-profit entity; converted to non-profit entity in 1995.
- Helped manage all fund-raising.
- Frequent guest speaker on radio and television and community groups.

NEXTHOP TECHNOLOGIES, INC./UNIVERSITY OF MICHIGAN MERIT NETWORK

ANN ARBOR, MICHIGAN AND SILICON VALLEY, 1995-2002

Start-up Business Developer and Strategic Analyst/Operations Manager.

From 1995-1999 the University of Michigan Merit Network was in charge of 300 worldwide, academic institutions who were developing the Internet.

In 1999 I was invited to join the core development team to transition the Internet project from the University into a commercial company, because the Internet now needed to go "public."

- Designed, developed, and implemented all of the following departments (with various consultants):
 - Finance
 - Human Resources
 - Operations
 - Accounting
 - Venue selection and setup (in both Ann Arbor and Silicon Valley)
 - Sales
 - Marketing
 - Purchasing
- Provided financial oversight for \$8M budget with help from consultants. Interfaced with venture capitalists to meet target goals toward eventual Initial Public Offering.

EILEEN AVENI 14

- Performed constant budget cost analyses for staff recruitment, benefit packages, employee incentive packages, large scale computer lab equipment, new venues, etc. for rapidly growing corporation.
- Managed all interviewing and recruitment from an international pool of candidates.
- Directly managed all staff, which grew from 19 to 45, including many internationals. Developed teams to facilitate better workload, communication, and generate new ideas.
- Constantly strategized for scaling the company for growth (price vs. value, managing costs, infrastructure design, retention of talent, time management, etc.).
- Facilitated communication, across numerous language and culture barriers, among staff, international customers, and academic institutions. Liaison between venture capitalists, international consultants, and management.
- Recommended and implemented numerous policies, procedures, and strategic directions.
- Founded and managed the technical writing team for the original University "project," overseeing compilation, organization, drafting, editing, and publishing of all new and existing computer software technical writing materials.

C.A.R.E., INC.

KOKOMO, INDIANA, AND ANN ARBOR, MICHIGAN, 1994-1997

Pro bono consultant to help develop a small non-profit into a worldwide organization providing care, advocacy, resources, and education about ritual abuse and mind control.

- Reorganized administrative structure of original organization
- Helped write grant proposals
- Created marketing materials
- Opened a Michigan office:
 - Helped set up administrative structure, management systems, marketing, fund-raising, etc.
 - Presented widely to many Michigan groups (professional, civic, church, law, abuse shelters, etc.) on the mission of C.A.R.E., Inc.
 - Helped manage fund-raising for our Michigan region.
 - Helped establish and staff "Safehousing," providing temporary, overnight shelter for ritual abuse and mind control victims "on the run" from their abusive groups. Helped develop and train a core of professional staff, volunteers, and a prayer team to cover these nights.
- Helped represent and speak nationally on behalf of C.A.R.E., Inc. to other professionals, the media, law enforcement, and communities at conferences, etc.
- Founder, managing editor, and content writer/editor of *The Care Connection*, an international quarterly on trauma, ritual abuse issues, mind control, and Dissociative Identity Disorder.
 - Interviewed and networked with leading international professionals and Christian leaders in the field of ritual abuse and mind control to write content.
 - Managed additional writers and staff.

MEMBER OF A STATE OF MICHIGAN LEGISLATIVE TASK FORCE

1994-1997

Mental health consultant.

Helped create and participated in a Legislative Task Force to develop a bill addressing ritual abuse and sex trafficking in Michigan. Though the bill was defeated, three subsequent laws covered most issues of our bill.

INDIVIDUALIZED HOME CARE AND HOSPICE, INC.

ANN ARBOR, MICHIGAN, 1982-1987

Member of development team. Hospice and bereavement social worker.

- Helped develop a small group of nurses into a full-scale home care and hospice agency.
- Developed the first bereavement follow-up program in our county. Designed a course to train others to become bereavement counselors.

EILEEN AVENI | 5

- Organized and provided social work treatment to home-based terminally ill patients.
- Provided PTSD intervention to hospice patients and families at high risk for mental health crisis.

ST. JOSEPH MERCY HOSPITAL

ANN ARBOR, MICHIGAN, 1979-1984

Oncology clinical social worker, primarily for the terminally ill.

- Provided psychological assessments, PTSD interventions, ongoing counseling and therapy, and follow-up mental health referrals. Some home care planning involved.
- Specialized in the terminally ill from ages 18 to 45.
- Hired an MSW social worker and started an outpatient division of Oncology Social Work.
- Original hospital committee member that made St. Joseph Mercy Hospital a major cancer center.
- Additional part-time positions in surgical intensive care (traumatic brain injury, brain cancers, and accidents), rehabilitation medicine, and cardiac surgery.
- Provided supervision and training to MSW students, medical residents, and other professional staff on PTSD interventions for the terminally ill and their families.

VETERANS' ADMINISTRATION HOSPITAL

ANN ARBOR, MICHIGAN

Proposed and fully developed a music therapy program for veterans.

- One locked psychiatric unit, one open psychiatric unit, and one alcoholism treatment unit.
- Provided mental health treatment for veterans who were experiencing what would later become known as Post Traumatic Stress Disorder (PTSD).
- Hired and supervised one music therapy assistant.

THE INSTITUTE FOR FAMILY AND CHILD STUDY, MICHIGAN STATE UNIVERSITY

EAST LANSING, MICHIGAN

Research Assistant.

Administered and interpreted two experimental testing programs to preschool children about peer group influence and the impact of different socioeconomic backgrounds on identity.

MANY FIELD PLACEMENTS during university studies.

PRESENTATIONS (PARTIAL LIST)

Following is a selected list of presentations given live in a wide range of venues including radio and television:

- "Emotions and Self-Esteem" – part of the I Can Cope Cancer Education Series. Helped bring this hospital-based program to the State of Michigan from where it originated in Minnesota, then regularly either presented this topic as part of the series or co-led the entire series at least 20 times for cancer patients and their loved ones, 1980-1984.
- "Preparing the Grieving Child for a Loved One's Imminent Death" International Hospice Convention and Symposium, Hartford, Conn. – 2 hour workshop, 1984.
- "How to Assess a Person's Need for Psychological Intervention" – multiple presentations, including television and radio.
- "Is It Grief or Is It Depression?" – at least 10 presentations to community and professional groups.
- "Co-dependency in Relationships" – featured speaker on "Love Talks" a daily radio call-in program on WCM Radio, taught and answered listener's questions, Detroit, MI/Western Ontario, Canada, 2 hours.
- "Co-dependency in the Church" – featured speaker on "Love Talks" a daily radio call-in program on WCM Radio where I taught and answered listener's questions, Detroit, MI/Western Ontario, Canada, 2 hours.

EILEEN AVENI | 6

- "Sexual Abuse Recovery" – offered at least 15 times in many venues to community and professional groups and as featured speaker on "Love Talks" a daily radio call-in program on WCM Radio where I taught and answered listener's questions, Detroit, MI/Western Ontario, Canada, 2 hours.
- "Issues and Approaches in the Diagnosis and Treatment of Dissociative Identity Disorder" – My presentation was followed by "Integrating Personalities in Healing DID (Dissociative Identity Disorder) Personalities: A Rule for Therapist, Pastor and Client" presented by Loris Gillen, M.Ed, from Melbourne, Australia, also a specialist in dissociative disorder treatment. We followed this with a joint Q and A for both presentations. At the American Association of Christian Counselors World Congress, 2½ hour combined workshop, November, 1997.
- "Issues in Processing Traumatic Memories" – part of 2nd Tuesday Talk Series (community talks offered by Crossroads Counseling Center of Ann Arbor, MI).
- "Creating a Healing Community Within a Church for Ritual Abuse Survivors to Recover" – co-taught at least 20 times over 3 years (1994-1996) while working with C.A.R.E., Inc. in multiple cities to professional conference and church community groups.
- "Therapy for Dissociative Disorders" – part of 2nd Tuesday Talk Series (community talks offered by Crossroads Counseling Center of Ann Arbor, MI).
- "Issues in the Repressed Memory Debate" – part of 2nd Tuesday Talk Series (community talks offered by Crossroads Counseling Center of Ann Arbor, MI).
- "Involving and Training the Community To Support RA Survivors – Believe the Children Conference 1994, 1995, as part of C.A.R.E. Inc.
- "Issues in Deliverance for DID Survivors – International Center for Biblical Counseling World Conference, Sioux City, IA, February 1996.
- "How to Relate to Dissociative Disordered Clients"
- "Identifying and Understanding the Highly Complex Dissociative Client"
- "From Chaos to Control: Practical Ways to Reduce Crisis in Dissociative Clients"
- "Sudden vs. Anticipated Death and the Difference in the Resolution of the Trauma" – part of 2nd Tuesday Talk Series (community talks offered by Crossroads Counseling Center of Ann Arbor, MI).
- "Establishing Healthy Boundaries in Relationships" part of 2nd Tuesday Talk Series (community talks offered by Crossroads Counseling Center of Ann Arbor, MI).
- "Overview of Narrative Therapy" – Alpha Omega International College graduate counseling students, Kuala Lumpur, Malaysia, 2 hour workshop, August 2011
- "Freedom from Bondage: The Reality of Pornography" – Calvary Life Assembly parents and youth, Melaka, Malaysia, two 1 hour workshops, Sept 2 and 3, 2011.
- "Post-Traumatic Stress Disorder (PTSD) – Recognizing It and Approaches to Treatment," – Calvary Life Assembly Counseling Center, Melaka, Malaysia, ½ day workshop, Sept 7, 2011
- "Post-Traumatic Stress Disorder (PTSD) – Recognizing It and Approaches to Treatment," Wisma WIM, Taman Tun, Kuala Lumpur, Malaysia, ½ day workshop, Oct 1, 2011
- "From Hush to Healing – Childhood Sexual Abuse Recovery Treatment in Adults" – Part 1 and Part 2, Wisma WIM, Taman Tun, Kuala Lumpur, Malaysia, two ½ day workshops, Oct 8 and 15, 2011
- "Mitigating Stress and Mental Health Management" – co-taught with Evelyn Biles, D.Min., UCSI University staff, Kuala Lumpur, Malaysia, full-day workshop, Oct. 22, 2011
- "Grief Therapy" – HELP University, Kuala Lumpur, Malaysia, ½ day workshop, Oct 2011
- "Stress Management" – Kurnia Insurance Corporation, Kuala Lumpur, Malaysia, 2 hour workshop, Oct 2011
- "Trauma, Loss and PTSD" – All Women's Action Society (AWAM – a women's crisis center), Kuala Lumpur, Malaysia, ½ day workshop, October, 2011
- "Sexual Abuse Trauma and Recovery" – All Women's Action Society (AWAM – a women's crisis center), Kuala Lumpur, Malaysia, ½ day workshop, October, 2011

EDUCATION

SETON HILL UNIVERSITY, GREENSBURG, PENNSYLVANIA

Bachelor of Music degree in Music Education, added concentration in Psychology.

MICHIGAN STATE UNIVERSITY, EAST LANSING, MICHIGAN

Second Bachelor of Music degree in Music Therapy.

Internships included:

- University of Michigan Psychiatric Hospitals – acute treatment using all types of activity therapy in the child, adolescent, and adult psychiatric units.
- Normal Street House (Washtenaw County Community Mental Health) – created and administered a music therapy program in a psychiatric halfway house.

Additional coursework toward a Master of Music degree in Music Therapy – research in the physiology and application of music therapy to facilitate behavioral change.

WAYNE STATE UNIVERSITY, DETROIT, MICHIGAN

Master of Social Work (MSW) in Child and Family Treatment with Administration courses.

Internships included:

- Family Services of Detroit and Wayne County – long- and short-term outpatient psychotherapy.
- Children's Protective Services (Wayne County) – Investigation, treatment, and court involvement for child abuse and neglect cases in inner city Detroit.
- Center for Forensic Psychiatry (Ypsilanti, Michigan) – Interned to provide psychiatric evaluations and treatment for mentally ill inmates accused of serious crimes (mass murder, pedophilia, etc.). The Center was the only one of its kind in the U.S. at the time, so only the most serious, but potentially insane criminals, were transported there for evaluation and treatment while being adjudicated.

ANN ARBOR INSTITUTE, ANN ARBOR, MICHIGAN

Family therapy coursework.

MICHIGAN STATE UNIVERSITY, LANSING, MICHIGAN

Advanced certificate in the "Clinical Treatment of Children."

EILEEN AVENI | 9

REGENT UNIVERSITY, VIRGINIA BEACH, VIRGINIA

Coursework toward the Doctorate in Strategic Leadership.

PRIVATE INTENSIVE TRAINING AND SUPERVISION by a psychiatrist in Borderline Pathology and treatment (two years).

ADDITIONAL COURSEWORK AND PROFESSIONAL EXPERIENCE in administration, for-profit and non-profit management, marketing, fundraising, technical writing, web design, training material design, and computer programming.
